DIRECTIONS CONT'D:

Divide them into brown baggies. I do this the day of, so they don't get stale. I also do several baggies for each item so each student will get to participate in the activity. Sit in a circle and pass out a baggy to each student. Go through the book. At each item, add it to the mixture. Stir and serve in a cup to each student.

HOW TO MAKE TAILGATE TRAIL MIX IN A CUP

Let's get ready for the Big Game with this yummy tailgate trail mix in a cup. First, you will need a large bowl and spoon to mix all your ingredients.

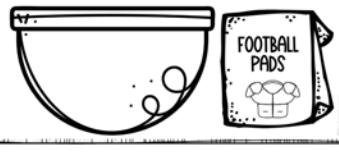

You can't have a football game without some footballs. Let's add them to the mix.

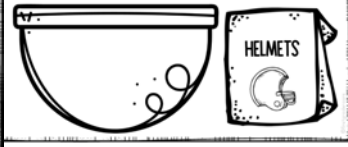

Every football field needs some goal posts. If a player kicks a ball through the goal post, they can earn points for their team. Let's add the goal posts. Mix well.

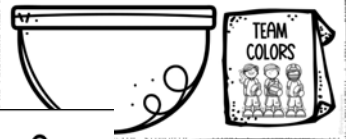

Next let's put some good protective padding in our mix. Football players need to protect their bodies while playing. Mix together.

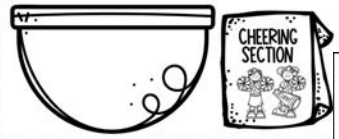

Now let's put in our helmets. They also protect the football player's head during the game. Mix well.

You can't have a football game without team colors. Each team has their own colors, name and jerseys. Let's add the team and mix.

Every team needs a cheering section rooting them on. It's time to add the megaphones to show our team support. Mix well.

There is someone in charge of the football game. We will need some referees. They wear black and white, so they are easily spotted. Add and mix.
