WHAT DO YOU THINK?

TRUE OR FALSE?

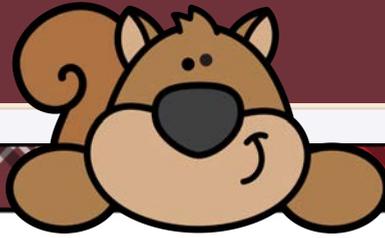

Squirrels have pouches
in their cheeks.

TRUE

Cheek pouches are used to
carry food from one place
to another. Only ground
squirrels have these
pouches.

WHAT DO YOU THINK?

TRUE OR FALSE?

Some squirrels can fly like birds.

FALSE

While there are flying squirrels, they do not have wings like birds. They have a web between their front and back legs that help them glide through the air.

WHAT DO YOU THINK?

TRUE OR FALSE?

A group of squirrels
is called a herd.

FALSE

A group of squirrels is called
a scurry or a dray. It is not
very common for squirrels to
be found in groups.
